

# RUST-X

**REST WITHOUT RUST**

T.A. C.KNOOP, AUSTRALIA

## TECHNICAL DATASHEET

### Product: Extreme Pressure Oils

*Grade : RUSTX Tripnox B*

#### Product Application

B series oils are designed for automatics where an EP oil might cause staining. Especially suitable for machining soft materials such as aluminium and copper. Can also be used for mild forming and pressing operations.

#### Properties

Both B22 and B32 are formulated using highly refined mineral oils combined with high levels of lubricity additives proven in service over the past many years. In tapping torque tests, we have not seen better performance from any other compounded oils.

#### Physical, Chemical & \*Corrosion Prevention Properties

Properties	Test Method	B22	B32
Colour	D1500	Amber brown	Amber brown
Viscosity @ cSt @ 40°C	IP 71	22	32
Specific Gravity	ASTM D 1298	0.9	0.9
Flash Point	ASTM D 92	210 °C	220 °C
Flash Point	D92	>200	>200
